## 2009

iPods, iMovies, iPhones. Just a few examples of the technology used for listening to music, watching and creating movies, talking, and texting; we can't imagine life without them.

This is a day and age where communication is at students' finger-tips at every waking moment. Technology is affecting the way our generation communicates. Even the newly elected President, Barack Obama, used text messaging and e-mail to advertise his campaign. At school, students received text messages about where Obama's rally was going to be that week.

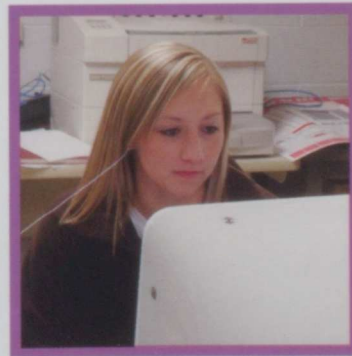

Technology has also gotten students in trouble. They have been accused of cheating during tests and texting during class. For that reason, cell phones are restricted during school hours. Also, iPods can be very distracting so they are not allowed in class either.

The new iPod touch is a fast and easy way to access the internet, music, games, and weather. It is also considered a new device to help students learn through easy, informational access.

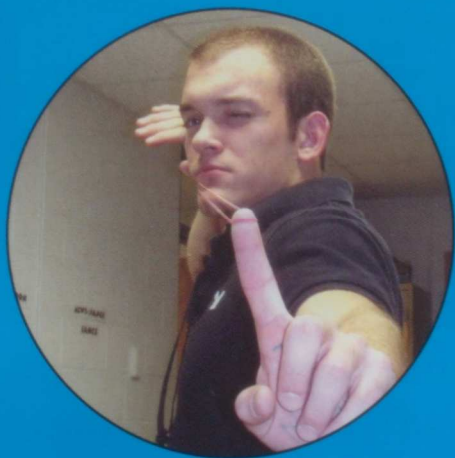

I would like to thank my co-editors, Mike Braden, Stephanie Merrick, and Jim Kinney, and the rest of the yearbook staff, for their hard work and devotion towards this year's edition. I could not have done it without them.

To the graduating class of 2009 and those who follow  
Congratulations and good luck!

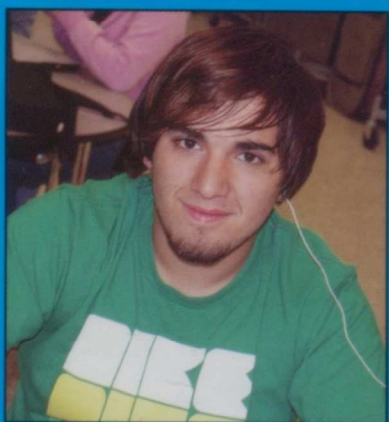

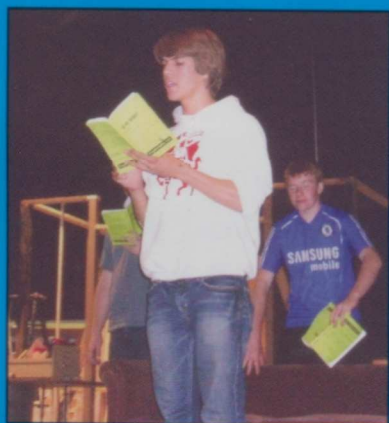

-Audrey Holland, Editor-in-Chief

# iRule

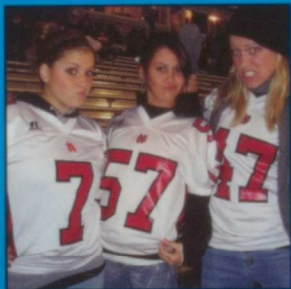

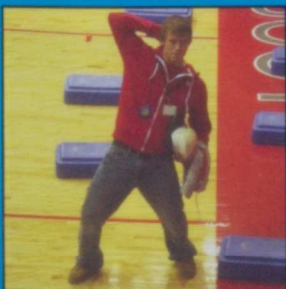

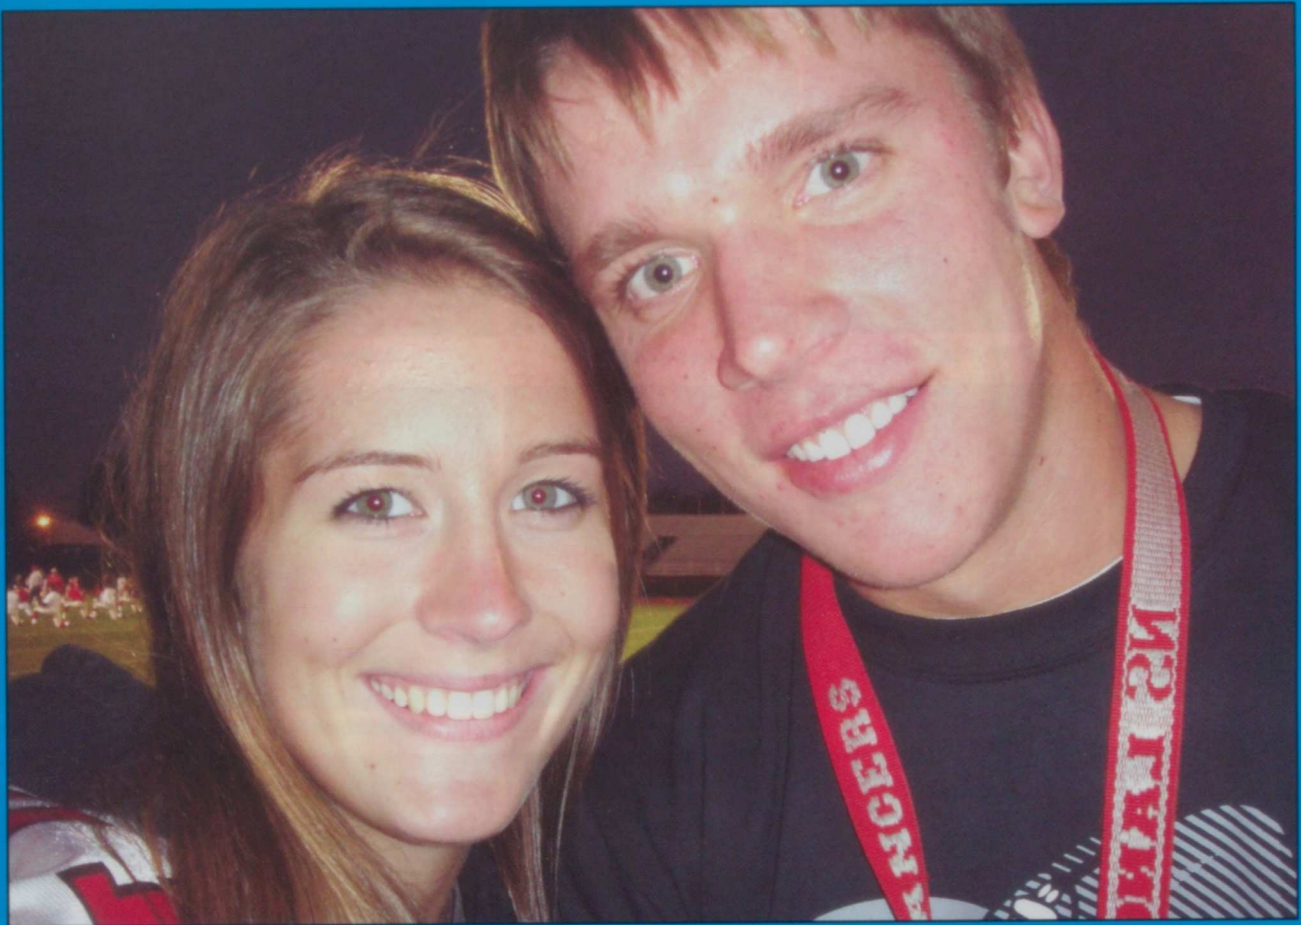

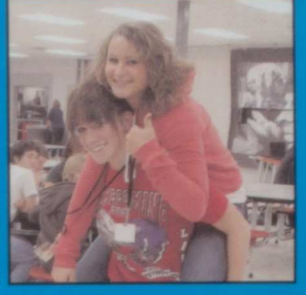

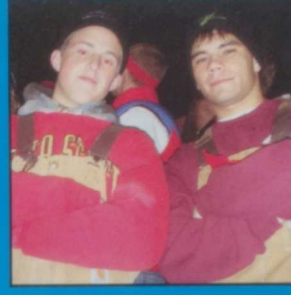

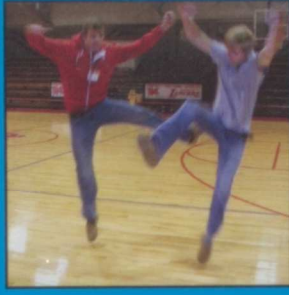

Yeah, you better move over in the hall. Sorry.... but not really. It is our turn now. This is our school. Someday, it will be yours. For the last three years, we have dealt with diversity, cruel intentions, and plenty of disrespect. This year, it is our turn to hold the throne of North Scott High School. It was extremely pleasing to finally have this opportunity to reign over the underclassmen. We will always enjoy the memories of raging athletic events, sweet and dramatic plays, wonderful and soulful music, and those crazy weekends; and who could forget those long, tiring school weeks? As we prepare to close this chapter, we will remember these memories, yet look forward to creating new ones. College is just over the horizon, and it seems like we can't wait to be free. We are off to bigger and better things. Finally, it is here.

-Matt Petersen

# iRock

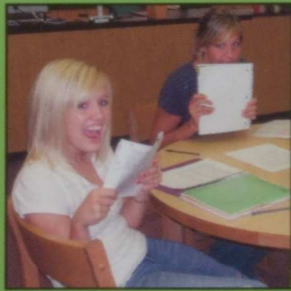

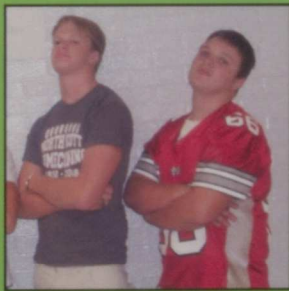

Junior year, another step toward graduation and the front row of the Lancer crowd. We have come to the realization that time flies. This is the year we need to think about what we will do after high school. Many of us will take the ACT while others choose to focus on a career. This is also the most important year of high school. Decisions about what you want to be and where you want to go to school must be made. School consumes most of our time while free time is filled with jobs, homework, extra curricular activities and when there is time, fun. While this year can be the biggest challenge of high school, it is also one of the greatest times of our life.

# iDream

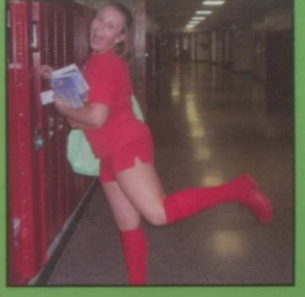

Sophomore year, no longer a Freshman, but not yet an upperclassman. We have been dreaming to get out of Freshman House and into block classes. Being a Sophomore gives us more responsibilities, but also more freedom. Driving brings us an independence like we have never experienced. Parking at the tennis courts has always been an inconvenience, unless you prefer the upperclassmen parking spots, which will soon be ours next year. The friends we have made this year will be with us forever. Sophomore year has been an unforgettable year!

# iWish

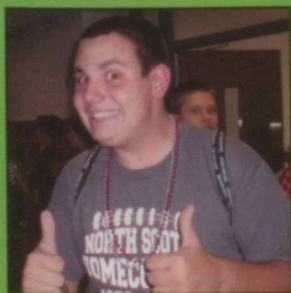

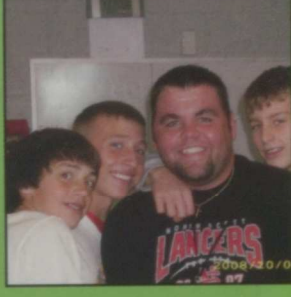

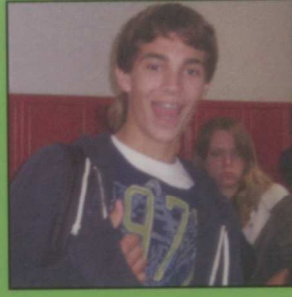

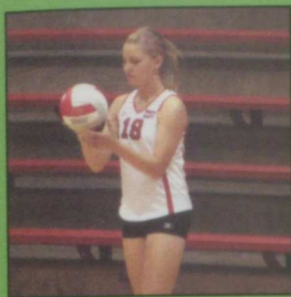

Freshman year is the start of the wonderful journey through high school. With all of the clubs, sports, and plays to be involved in, freshman year is one of the most memorable. You will have many opportunities to meet new people and be a part of new activities. With harder classes and much more homework than junior high, high school is creating new stress for everyone. The freshman are isolated from the rest of the school because of the eight period day, making them feel separated from everyone else. High school is full of new and fun experiences so have fun while it lasts.

Although my first official day may not have gone as planned with the passing of Dr. Dose, it truly showed how spectacular a community we have supporting the North Scott School District. The way we came together as a school and community was quite amazing.

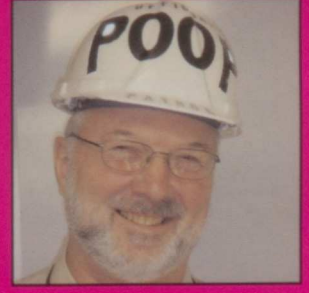

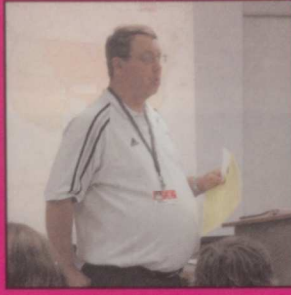

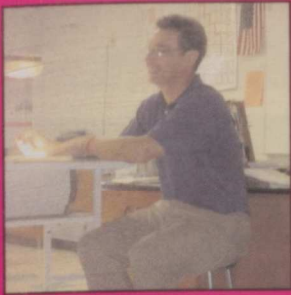

I have been lucky enough to love every school system I have been a part of. You become attached to the students and community wherever you are at, but my family and I absolutely love North Scott. The students, the staff, and the community are so supportive of each other.

I work with people that are willing to do the extra work for the benefit of the students and it does not get any better than that. North Scott High School will continue to get better in all areas because we are not satisfied with just being a good school. We want to become a great school and we can accomplish this by continuing to build community and parent partnerships.

Each year, students at North Scott are strongly encouraged to join clubs and teams and meet new people. Over time, new friendships are formed and memories are made to last a lifetime. Through the chaos of classes and homework, students are still able to find the time to participate in and show their support for various activities. School dances are a huge favorite of students at North Scott. Big plans and reservations are made to add to the excitement of the night. Homecoming week is the one week students look most forward to every year. Each day, students and faculty members dress up according to the theme of the day. Blood drives are held twice a year at North Scott High School and attract many blood donors. Throughout the year, foreign exchange students teach us about their lifestyles as much as they learn about ours. In the end, it all adds up to one heck of a school year; one that will not soon be forgotten.

# iLearn

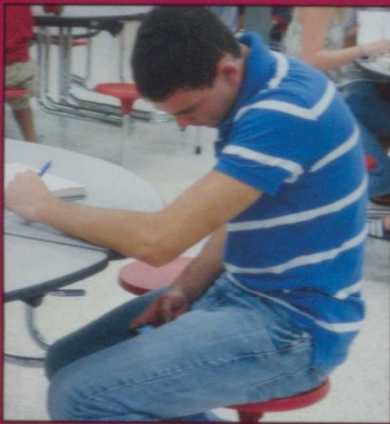

The 51st year of academics is an exciting one. Student are finally taking full advantage of all the college courses offered here at North Scott to prepare them better for college. Also taking such courses will give us a step ahead of other students in our future.

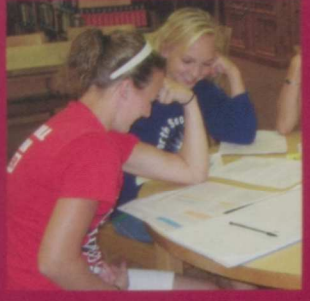

Our classes continue to excel and we are always striving to reach the top. Two of our long time teachers Mr. Birkhofer and Mrs. Tobin are both retiring. They both will be greatly missed.

The big hype this year is all about the Promethean boards. The Promethean board connects to a computer and projector screen that reflects pictures, videos and graphs onto a white board. This allows teachers to use either the computer or an electronic pointer to navigate around their lesson plan from their desk or in front of the screen. They are brand new to North Scott thanks to a new grant. Only a few teachers received them for now, but the hope is for more teachers to have them up and running in the future.

This year was an extremely successful one for Lancer Productions.

Tony Percuoco

FRENCH!"

# IS HE ★ ★ DEAD?

Under the direction of Ms. Stites, the fall play this year was *Is He Dead?*, the story of poor painter Jean-Francois Millet and his attempt to escape debt by posing as his own sister the Widow Tillou. The comedic stylings of Nate Curlott, as Millet, along with his best friends provided for numerous laughs and hilarious moments. Shari Huber's innocent and lovestruck portrayal of Marie Leroux added quite a few laughs as well, and Tony Percuoco's expert delivery as Bastien Andre gave the audience a perfect French villain. In essence, the show was perfectly cast, and every aspect of the show came together seamlessly.

-Jim Kinney

Looking exceedingly happy about the seductive powers of the beautiful "Poppies," Shane Rumpza brings the Lion to life in the winter musical.

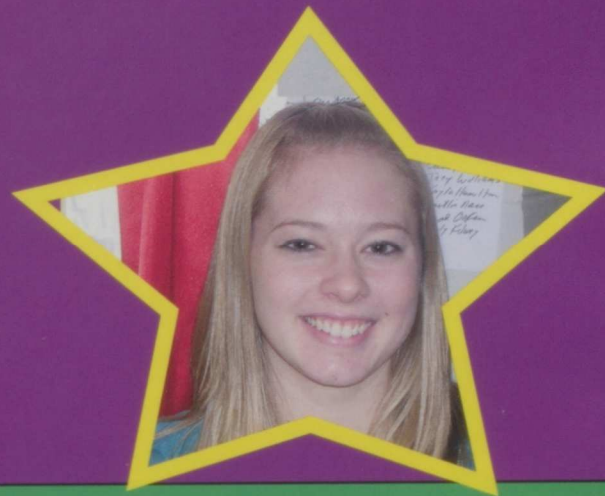

Travis Clark-Melroy gives a show-stopping portrayal as the Scarecrow in "The Wiz."

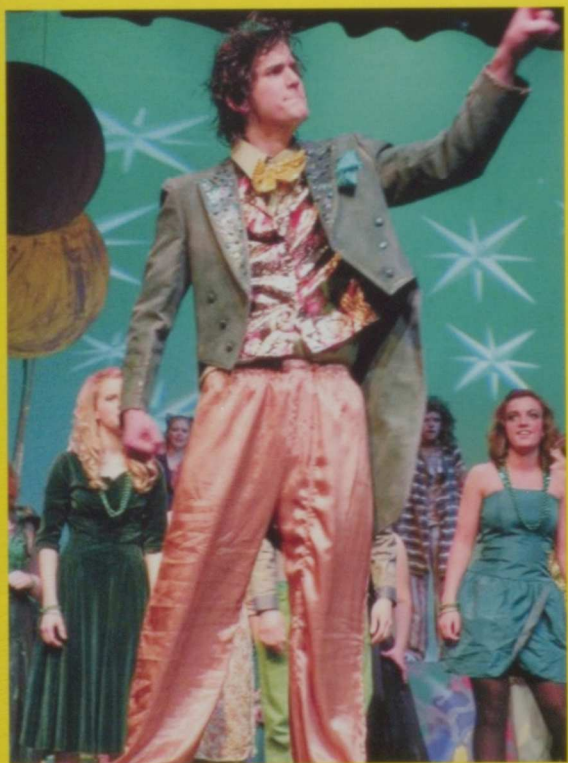

# THE WIZ

What have been the common denominators of the past few months (indeed all Lancer Productions shows)? Dedication, perseverance, positive attitudes, unbelievable energy, sweat, tears, love of the theatre, and a lot of talent- these were the mainstays that brought the cast of The Wiz together to bring you five great performances. Although I repeatedly sang the lyrics of "No Bad News" to myself as rehearsals were cancelled and other roadblocks were thrown in our way, I could also hear the lovely melody of "Can You Feel A Brand New Day?" in the back of my mind.

-Ms. Demmer -Freeman

Senior Shari Huber's portrayal of Dorothy Gale was a very memorable one.

The Wiz, played by senior Tony Percuoco, brings to life this extremely entertaining revival scene.

Senior Christian LaCarte wowed the crowd with two exceptional solo song performances as the Tinman in this year's winter musical "The Wiz."

A newcomer to the stage, Alex West, gives a great performance as Glinda the Good Witch of the South.

# iHelp

There are a variety of clubs available to students at North Scott. They can choose clubs that best fit their personalities. Devoted members attend before school meetings, after school events, and weekend activities associated with their clubs. Anyone can join a club and all members are in some way involved. Being in a club is an excellent way to apply one's skills to help others in their community. Clubs are a fun way for students to find ways reduce and resolve problems throughout their school. They also bring upon new hobbies for students and keep them involved. Grades are not given out in clubs, but it is encouraged that members work hard to make them successful. Clubs have a very friendly atmosphere in which students share similar interests and points of view with one another. Joining clubs is a fun way to become involved in the community and make new friends.

For almost 8 months these students work to develop them, either individually or in groups, into exhibits, historical papers, documentaries, performances, or websites. All their hard work pays off with the chance to make it past the Regional Competition to State, or even Nationals in Washington D.C. Thanks to the invaluable help and enthusiasm of Mrs. Green, these students develop their topics and learn about the "Actions and Legacies" of history.
